What is Play Safe in the Sun?

The award-winning WDS Play Safe in the Sun program works at curbing the incidence of skin cancer by providing free cancer screenings, sun damage assessments, sun safety education & materials, and complimentary sunscreen samples to the public!

Hill Country Kids & Family Tri

About the Event

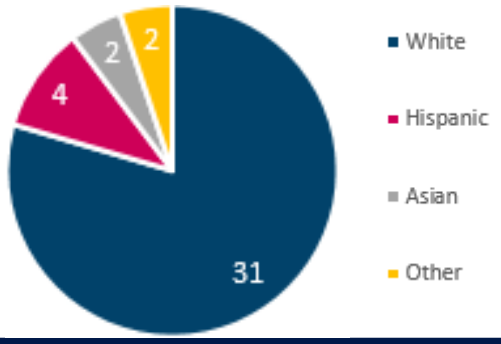
The Play Safe in the Sun Event at the Hill Country Kids and Family Triathlon in Kyle, TX on Saturday, July 22, 2017 was a success! Twenty residents, board certified dermatologists, and their friends volunteered their time to provide 39 individuals with FREE Skin Cancer Screenings!

In addition to the screenings, our volunteers distributed over 300 La Roche- Posay sunscreen samples, UV Detecting Bracelets, and pamphlets about the importance of Sun Safety. La Roche-Posay also provided the WDS with their new My UV Patch to hand out to participants

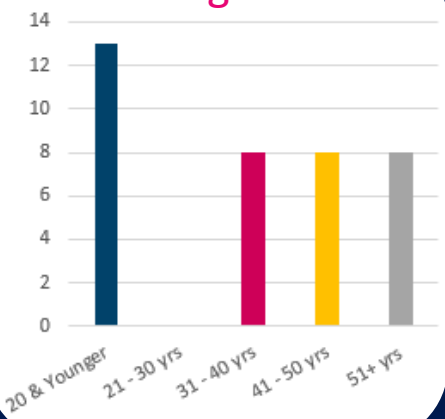
Residents and young physicians were able to learn from more experienced dermatologists while giving back to their communities!

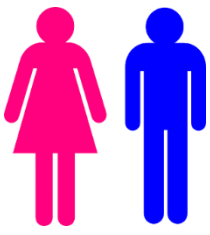
Total of 39 Patients Screened!

Race



Age





18 Male

21 Female

What were the results?

7 were referred to a dermatologist

2 recommended for biopsies

Screening for skin cancer saves lives!

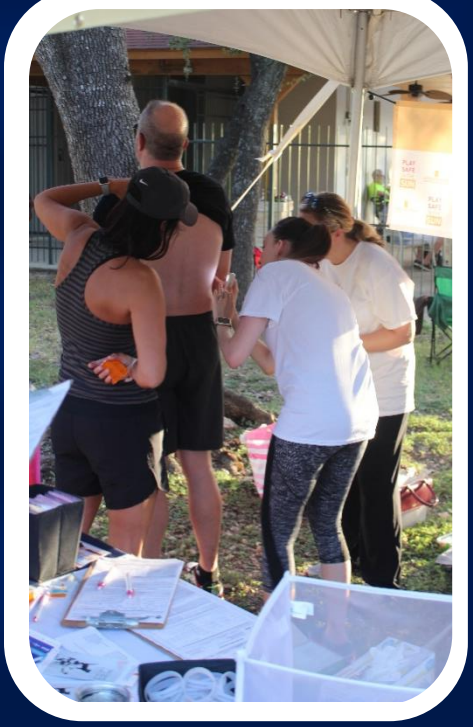
Our Volunteers!

PLAY SAFE IN THE SUN

WDS PHYSICIANS LEADERS MENTORS
Women's Dermatologic Society



Race attendees could stop by the WDS booth to get free skin cancer screenings, sunscreen, and sun safety information. Early career volunteers were able to learn from more experienced dermatologists by conducting screenings together.

LA ROCHE-POSAY
LABORATOIRE DERMATOLOGIQUE

La Roche-Posay provided samples of their Anthelios 60 Shaka sunscreen and their new Anthelios Dermo-Kids Sunscreen. The My UV Patch was also available for race attendees & spectators. The patch measures sun exposure, and can be connected to a phone app which includes sun safety information & tips. Attendees and volunteers alike enjoyed the My UV Patch!
