

Mask Policy

To comply with the AAD's requirements for the 2022 Annual Meeting in Boston AND all WDS event venues, the Women's Dermatologic Society (WDS) is adopting this policy to safeguard the health of our members, event attendees, and their guests from infectious diseases, such as COVID-19 or influenza. This policy is based on guidance from the Centers for Disease Control and Prevention (CDC) and state and local health authorities.

Masks are mandatory during all WDS events and meetings, regardless of vaccination status, except when outdoors, while eating or drinking, or while speaking during the event. Attendees are responsible for providing their own masks.
